

7 Safety Rules For BIKERS AND WALKERS

- Cross only at crosswalks and only when the traffic signal is in your favor.
- Look left, right and left one more time before crossing the street.
- On your bike, ride with the traffic and away from parked cars.
- Walk your bike through busy intersections.
- Watch for pedestrians as well as cars backing up or out of driveways.
- Always wear light colors and a REFLECTOR at night.
- Always wear your helmet when ridding your bike.
