How Does Third Party Billing Work? [Subscribers]

Every time you use the CHFD-EMS ambulance for an emergency or routine transport, CHFD-EMS will submit an invoice to your insurance carrier for payment. Our ability to invoice your insurance carrier helps offset the ever increasing cost of providing Emergency Medical Services to the residents of the Borough of Camp Hill. Many times you pay for this insurance coverage and are not aware of it. Therefore, it is very important that all members respond promptly to any request from our billing company for primary or secondary insurance information. [May look like a bill.]

If the insurance carrier[s] reimburses you or CHFD-EMS any portion of that invoice, we will accept it as payment in full. If the insurance carrier denies the claim, for whatever reason, the subscriber is not charged anything. You will incur no out of pocket expenses.

Non-Subscribers

Non-members are billed via third-party bill procedures listed above. However, they are personally responsible for all unpaid balances (amounts from \$200-\$600). CHFD-EMS reserves the right to refer unpaid balances to a collection agency for disposition.
