Strausstown, PA 19559

Community Coming Together...One Step At A Time

The Strausstown Vol. Fire Co. has moved into our new fire station. In addition, the Strausstown Vol. Fire Co. Community Campus has begun use of the new community hall, kitchen and meeting room in the former Elementary School. This is an exciting time for us and the entire community. The project has brought together all of our local community groups, working towards a common goal.

Now we are looking for community members and businesses that are willing to personally be part of this venture. *"One Step At A Time"* is the capital campaign for the Strausstown Vol. Fire Co. to assist with our building fund goal and outdoor improvements between the two buildings. The campaign is separate from the annual fund drive held by the Strausstown Vol. Fire Co. to cover our operating expenses.

The lower parking lot has been resurfaced and a paver sidewalk has been installed to connect the new fire station, the community campus entrance and the lower parking lot; all intersecting at a raised planter. Pavers are being sold to support the construction project. Engraved bricks are available for... recognition of your family, remembrance of a special family event or anniversary, honoring a loved one, or simply showing your support for the project.

Please fill out the form below and return with your inscription request and check to:
