

# Department Issued Gear And Equipment

Each member assigned to fight structure fires, perform extrication duties, and Hazmat response shall be issued protective clothing and equipment that comply with all applicable NFPA standards and local requirements.

These items shall include:

1. Helmet (NFPA 1972).
2. Boots (NFPA 1974).
3. Gloves (NFPA 1973).
4. Coat (NFPA 1971).
5. Pants with suspenders (NFPA 197 1).
6. Hood (NFPA 1971).

Radios will be issued upon availability and with the discretion of the District Chief.

No alterations shall be made to protective clothing without the approval of the Fire Chief.

## Issued Gear and Equipment

1. Only authorized White House Community Fire Department personnel shall issue, repair or replace Department issued gear and equipment. The District Chief or designee shall oversee the issuance and repair of Department issued gear and equipment
2. The “White House Community Fire Department Personnel Fire Gear Issue Form” shall be completed and signed by each member when issued Department gear and equipment.
3. The “White House Community Fire Department Personnel Fire Gear Issue Form” shall be completed and updated when new replacement Department gear and equipment is issued.
4. The “White House Community Fire Department Personnel Fire Gear Return Form” shall be completed when personnel return Department issued gear and equipment upon resigning or dismissed from the White House Community Fire Department.
5. Personnel shall be charged, at the current replacement cost, for White House Community Fire Department issued gear and equipment that is damaged due to negligence, lost or not returned upon resigning or dismissed from the White House Community Fire Department

6. Each member shall clean his/her structural protective clothing as needed to remove contamination. Any member neglecting to properly care for gear will be first warned and gear may be recovered from member if violation continues.

7. Each member shall inspect gear and equipment issued to him/her. Each member is responsible for the cleaning, care, and maintenance of his gear and equipment. If repairs or replacement items are needed member is responsible for contacting commanding officer with said issues.

8. Any equipment or gear that is found to be unsafe or inoperable shall be tagged and logged, removed from service immediately, and forwarded to the appropriate officer for repair.

9. Designated Officers shall inspect protective clothing and equipment issued to the members under their command each quarter to ensure that all items are being properly maintained and are functioning properly.
