

Cottekill Volunteer Fire Company

An Introduction for the New Applicant

The members of the Cottekill Volunteer Fire Company (CVFC) are glad to see you are interested in joining our organization. We welcome highly motivated individuals that have a desire to help people and wish to give back to their community. The CVFC prides itself on being a close family of neighbors helping neighbors, but we are also dedicated members of the community who have committed to being the best at what we do.

When you join an emergency services organization (ESO) there are expectations both from the applicant and from the organization. It's anticipated that an applicant expects to be welcomed into the organization, to be properly trained, to be respected and feel that they are a valued member of the organization. These are just a few of the key expectations one may have. We want to hear what your expectations are.

In return the officers and the members of the CVFC expect a serious commitment from you, the applicant. Learning life saving skills is not something to be taken lightly. Not retaining or performing these skill sets incorrectly can be more detrimental to the victims and other responders than not having the skills at all. Successfully learning the minimum training standards to be a member of an ESO, is a serious time commitment. Attached is an outline of the mandatory training courses, the estimated length of each and the timeline for completion. We at CVFC also expect our members to be respectful within the organization; to have compassion with our customers; have a strong work ethic; and commit to being a part of the organization by sharing personal skills and knowledge with the rest of the members.

Thank you,

Brad Fiore – Fire Chief

Cottekill Volunteer Fire Company

The Application Process

When you receive this packet please read all the documentation included. After doing so, if you feel you are ready to commit the time required, we welcome you to complete the membership application and the Department of Criminal Justice System – Volunteer Firefighter Inquiry Form (DCJS_VFF). The DCJS-VFF is a criminal background check for both arson and sexual offence convictions and is required by state law to be a member of a volunteer fire company in the State of New York.

Return the two (2) completed documents by attending a CVFC business meeting (held every 3rd Wednesday of the month, 7:00pm at the CVFC firehouse 240 Cottekill Rd. Cottekill, NY). This is an initial meet and greet. The documents will be reviewed for completion and the application will be presented to the membership of the company. Your proposition for membership will remain on the floor for consideration until the following business meeting.

In the mean time, the DCJS-VFF will be sent to the Ulster County Sheriff's Office to complete the background check. If the results return with a No Conviction, you will be contacted to schedule an interview to be held at the firehouse. It is also recommended that after you have been contacted, you attend at least one (1) company drill (conducted on all other Wednesday nights beginning at 7:00pm) prior to the next company meeting. This is to allow members to get to know you. If the results of the background check return with a conviction of either, by NYS Law, your application for membership must be denied. In this case you will be notified in writing of such.

The membership committee will present your application once again along with a recommendation for or against your membership to the company. The recommendation will be based on verification of information provided on your application, your interview, as well as from character references. The company membership will then vote to accept or deny your request for membership. You will be notified by the membership committee with the results of the vote.

In accordance with NYS Town Law: Article 11 § 176-b, the CVFC Secretary shall submit in writing a request for approval of your membership to the Board of Fire Commissioner of the Cottekill Fire District. The board meets every 2nd Tuesday of the month. By this same law if no action is taken by the board to approve or disapprove within 40 days of receiving such request, the membership will have been deemed approved.

The First Three (3) Months

EF01-1: Introduction/Orientation

The new recruit will receive basic instruction in the history and mission of the fire service, station and equipment familiarization, receive a copy of the CVFC Membership Reference Book (may be hardcopy or digital)

Course Length: 2 hours

VFIS - 106: Sexual Harassment Prevention

This online program discusses issues and concerns regarding sexual harassment and preventive practices..

Course Length: ½ hour

VFIS - 120: Workplace Violence Issues for Fire & EMS Personnel

This online program is designed to provide an operational understanding of the awareness of the issue, prevention techniques to take and actions necessary when events occur.

Course Length: ¾ hour

EF06: Personal Protective Equipment (PPE)

The new recruit will learn the types, use, care, inspection and maintenance of PPE

Course Length: 2 hours

Cottekill Volunteer Fire Company

VFIS - 107: Bloodborne Pathogen - Contagious Disease Annual Refresher Training Program

This online program provides the content and guidance for meeting the annual refresher training requirements for Bloodborne Pathogen and Communicable Disease for emergency service personnel.

Course Length: ½ hour

EF02-1: Firefighter Safety & Health

After completing this lesson, the student shall be able to discuss how firefighter health, safety prevention, and situational awareness are interrelated parts of preventing on-the-job injuries.

Course Length: 2 hours

EF02-2: Accountability

Students will become familiar and be able to use the CVFC accountability system

Course Length: 2 hours

EF01-2: Department Operations

The new recruit will learn the types of apparatus, unit response order, riding positions, types of company operations, the roles of the cadet on the fire ground and the chain of command.

Course Length: 2 hours

EF07: Fire Extinguishers

After completing this lesson, the student shall be able to select, use, and correctly maintain portable fire extinguishers.

Course Length: 2 hours

Hazard Communications

In order to ensure chemical safety in the workplace, information about the identities and hazards of the chemicals must be available and understandable to the workers. This class will identify the chemicals stored and use within the firehouse and on the apparatus. Separate training is provided for hazardous chemicals and materials found in the public.

Course Length: 2 hours

IS-700.A: National Incident Management System (NIMS), An Introduction

Homeland Security Presidential Directive (HSPD-5) directed the Secretary of Homeland Security to develop and administer a National Incident Management System. NIMS provides a consistent nationwide template to enable all government, private-sector, and non-governmental organizations to work together during domestic incidents. This online course will describe the key concepts, principles and benefits of using NIMS.

Course Length: 3 hours

ICS-100.A: Introduction to Incident Command System

This online course provides the foundation for higher level ICS training. It describes the history, features, principles and organizational structure of ICS and also explains the relationship between ICS and the National Incident Management System (NIMS).

Course Length: 3 hours

Prerequisite: IS-700 NIMS

Cottekill Volunteer Fire Company

The First Year

[based on class availability – may run into year two]

Basic First Aid

The goal of this training program is to help students develop the knowledge, skills, and confidence to respond in a medical emergency.

Course Length: 2½-3 hours

CPR Pro

For healthcare providers, first responders, and professional rescuers in an outside the hospital or for those needing professional-level basic life support training as a job requirement. Includes Adult, Child and Infant CPR & AED certification.

Course Length: 4 hours

Emergency Oxygen Therapy

The Delivery of oxygen to responsive and unresponsive patients.

Prerequisites: CPR and Basic First Aid

Course Length: 1½-3 hours

The New York State OFPC Firefighter-1 certification will be delivered in two courses. All students will begin with the Basic Exterior Firefighting Operations and then progress into the SCBA/ Interior Firefighting Operations course if they are seeking to be trained as an Interior Structural Firefighter who will wear a self-contained breathing apparatus.

Basic Exterior Firefighting Operations (BEFO)

The course is first step to a Fire Fighter 1 certification. The student will be provided with the training to support fire activities that arise before, during and after fire attack with respect to their exterior only classification. The student will be exposed to the knowledge and skills pertaining to; Fire department organization, Fire, Tool and Scene Safety, Fire Behavior and Development, PPE and SCBA Practices (excluding donning and doffing of SCBA), Communication and Incident Management System (IMS) Principles, Fire Prevention and Investigation Principles, Building Construction, Fire Extinguishers, Hose Practices (excluding fire advancement and attack), Water Supply, Nozzles and Fire Streams, Ground Ladder Operations, Ropes and Knots, Forcible Entry Applications, Ventilation Practices, and Confined Space Safety. Also included in this course is the Hazardous Materials First Responder Operations course.

Hazardous Materials First Responder Operations (HMFRO)

Prepares emergency responders to effectively and safely respond to and stabilize hazardous materials incidents from a defensive position. Meets the training requirements of OSHA 1910.120 for the first responder, both at the awareness and operations levels. Includes recognizing and identifying hazardous materials, classifications and the hazards of each class, transport vehicles and associated hazards, planning for incidents, personal protective equipment and its limitations, confinement methods and decontamination procedures. Case studies identify appropriate operational procedures.

Designed for: Fire department personnel who, for whatever reason, will not be classified as an interior structural firefighter.

Course Length: 79 hours

Prerequisites: Must have completed I-700.b; I-100.a; CPR Pro; and Basic First Aid prior to completion of this course to receive certification as an Exterior Firefighter.

SCBA and Interior Firefighter Operations (SCBA/IFO):

Designed as a continuation of BEFO, SCBA/IFO introduces firefighting concepts, practices and techniques necessary for success within the fire service. Based on the *Firefighter Level I* objectives from NFPA Standard 1001, this course

Cottekill Volunteer Fire Company

develops knowledge, skills and abilities based on performance criteria for the following topics: firefighter safety, fire behavior, personal protective equipment, self-contained breathing apparatus, building searches, forcible entry, ground ladders, ventilation, hose practices, fire streams, and loss control. The course consists of performance criteria in: incident command, ropes/knots, rescue procedures, fire extinguisher applications, suppression of structural fires, tactics, vehicle suppression, water supply, loss control, fire suppression systems,.

Note: With the exception of NFPA Firefighter Level I objectives pertaining to Emergency Medical Care and local policies and procedures, a firefighter receives training components equivalent to those within the NFPA Firefighter I Standard.

Course Length: 50 hours

Prerequisites: Students must be physically capable of wearing SCBA and possess current medical clearance for SCBA use. Students not possessing this prerequisite will not be allowed to participate for their own safety. A completed "Training Authorization Letter" mailed with your registration will meet this requirement.

These are the minimum training requirements to be an active firefighter with the Cottekill Volunteer Fire Company. These requirements are based on NYS Division of Homeland Security and Emergency Services, Office of Fire Prevention and Control's recommended best practices for minimum firefighter training. They also meet the National Fire Protection Association's Standard for Fire Fighter Professional Qualifications (NFPA 1001). As a member of the CVFC you are expected to complete ALL required training, as outlined here, in a timely fashion. It best helps the Company and yourself to complete these courses within the first year. In some cases course offerings may be limited and may cause a cadet to have to extend his/her beginner training into a second year. The officers of the Company will attempt to assist each and every member with gaining all required training. What will not be acceptable is a lack of interest or motivation to attend available classes. If this is proven to be the case after two (2) years without completing the minimum training requirements, the cadet has the choice of changing their status to an associate member or termination from the company. We are more than willing to invest our time in you. We just ask you invest just as much time in the Company, the Community and Yourself.

Active Membership Requirements

Date of issue: December 1, 2005

Revision 2.0: January 1, 2017

Purpose: To set forth the minimum requirements for active membership within the Cottkill Volunteer Fire Company. This Guideline is comprised of the requirements set forth by the Company by-laws, the District Length of Service Awards Program (LOSAP), state and federal regulations, and the Chief Officers of this Company.

Responsibility: It is the responsibility of the Fire Chief and the President of this Company to verify all members wishing to be an active member have fulfilled the minimum requirements. It is the responsibility of the Training Officer to assist each member in obtaining any and all firematic training needed to remain active. It is the responsibility of the Fire District to provide funding for all training that imposes fees for tuition, classroom materials, meals, lodging and travel expenses. The Fire District is only responsible to provide these funds when the training will benefit the Fire District in providing current services or those services the District plans to provide.

Procedure for use: All members wishing to maintain active status with the Cottkill Volunteer Fire Company are required to:

- Maintain a valid CPR for the Professional certification
- Annually refresh the following training:
 - Bloodborne Pathogens
 - Right to Know
 - Workplace Violence
 - Harassment
- Attend adequate training to maintain Job Performance Requirements (JPR)
- Annually pass JPR Skills Proficiency tests
- Must attend a minimum of 6 business meetings
- Must attend a minimum of 10% of alarms

To be considered for the Length of Service Awards Program (LOSAP), active members must attend 8 drills and obtain 50 points annually as outlined in the Cottkill Fire District's LOSAP.

Member who do not fulfill these attendance requirements at the end of each physical year or who are inactive for a continuous 6 month period will be notified in writing, by the Fire Chief that their active status is in jeopardy of being revoked and changed to associate status. These members will have 30 days to reply in writing their intent as a member. If the member does not reply within 30 days their membership status will be changed to associate member status. At this time the member will be notified, by the Fire Chief, as to this change and a written request for all Fire District property, assigned to the member, be returned immediately.
