## 2021 FUND DRIVE

### Dear Friends and Neighbors,

2021 is more than halfway over and since March of last year, it has been a unique and trying time for most. We hope this finds you well. With the uncertainty of times, we had to cancel our largest fund raisers for a second year in a row. With that, we have had a loss of a major portion of income we normally utilize for apparatus, maintenance, equipment, and other expenses. The loss of income and the rising costs magnifies the need for community support now more than ever.

In 2020 a tax increase was enacted by the municipality of Wright to help cover the township costs. A small portion of that was dedicated to the fire department, however, it only replaced what the contribution had been for over a decade. This is very important for everyone to understand because the amount was not additional funding, it replaced the amount contributed yearly for over a decade.

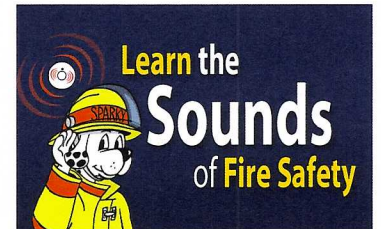

Mostly every township department saw a budgetary raise yearly except the fire service. For the 2021 budget year, we asked for a small increase to the dedicated amount, however the municipality denied this request. Our department will continue to present the needs to our township and the community to help us meet our financial goals and also to keep up with the ever-changing needs in emergency services.

We continue to rely on your support and thank you for all you have done for our organization.

Thank you, as always, for your continued support
